To Whom It May Concern:

I am writing in regard to an up-and-coming talent by the name of TRIEU NGUYEN. Trieu is a professional dancer extraordinaire! I recently booked him to perform for my residents for Halloween. Trieu's interaction with the residents and variety of program had my residents enthralled.

Prior to his performance, I had not met Trieu nor had I seen his work. He was actually a "substitute" for one of my regular entertainers. I really had no idea what to expect. Following his performance, I immediately booked him for a Christmas show!

Trieu is a real dynamo! He loves his work and loves to share his talent with nursing home clientele. He offers a large variety of dancing styles with upbeat and exciting music. He even involved the residents and staff with impromptu "dancing lessons". His fee is nominal, making it possible for even the smaller nursing homes to enjoy him. I highly recommend him to anyone looking for an exciting change of pace in entertainment.

Sincerely,

Cherryl Johnson
Activity Director
